**Fairy Cave and Wind Cave** is about 50 min drives from Kuching City. The Fairy Cave is about 3-storey high. After a quick climb through the cave with torchlight, the cave opens up into a main chamber. Sunlight streams into the chamber, enabling you to view the limestone formation of several types. View the beautiful and some eerie shape of nature creations, the stalactites and stalagmites. There is a formation that has been likened to the Goddess of Mercy which at about 3 meters in height resembles a woman dressed in classical Chinese robes, complete with hat, look down benignly upon worshippers. Another formation looks like an old man crouching down. Then proceed to the Wind Cave which only about 10 min drive away. Walking along the platform, you will find that this dark-tunnel like cave is filled with bats and swifts. Look around the wall of the cave with torchlight and you might be lucky to spot the bird nest with some eggs in it. Transfer back to your hotel after the tour.
